Tomlin Equipment Company
Field Service Technician

Position Description

Service Technician will be expected to work cooperatively with our service manager to perform regular maintenance, repair, and troubleshooting of industrial equipment including (but not limited to) air compressors, blowers, dryers, and pumps. Work requires daily travel to customer facilities throughout Ohio to conduct work on permanently installed equipment. This technician would also be expected to assist with custom package fabrication efforts at our Toledo, OH shop.

Office Location

242 Poplar Street
Toledo, Ohio 43605

Typical Scope of Work

- Equipment Inspection
- Oil & Filter Changes, Greasing
- Various Mechanical Rebuilds/Replacements
- Cleaning
- Troubleshooting Mechanical & Electrical Systems
- Equipment Startup Support & Customer Training
- Interaction with PLC controllers & VFDs

**Skills**

- Ability to communicate with customers and advise them on service needs
- Work or training on electrical circuits, motor controls and Lock-out/ Tag-out
- Knowledge of pneumatic and hydraulic systems as well as electric motors
- Experience with industrial air compressors, blowers or pumps is preferred
- Ability to work safely in a group and alone

Benefits

- 401(k)
- 401(k) matching
- Health insurance
- Paid time off
- Professional development assistance

Starting pay is determined by prior experience and qualifications. Weekend work is a possibility dependent on customer emergency breakdowns or special scheduling, but is not a regularity.

Tomlin Equipment is celebrating 75 years in business. We look forward to continued growth and hope you will consider joining our team.

Sincerely,

The Tomlin Equipment Company
